Hrishikesh Varma

UI DESIGNER | FRONTEND DEVELOPER

Dublin, Ireland

Phone: +353 89 232 4411

Mail: officialhrishivuk@gmail.com

Objective

Passionate and creative professional with a strong foundation in Frontend Development and UI/UX Design, currently pursuing MSc in Creative Digital Media and UX at Technological University Dublin.

Work Experience

UI/UX Designer | Web Developer (Freelance)

Remote – Based in Dublin, Ireland   **Jan 2025 - Present**

- Designed and developed responsive web applications that provided seamless, user-friendly experiences.
- Conducted As-Is User Journey Mapping to identify and resolve pain points, improving user flows across web interfaces.
- Created interactive prototypes and wireframes using Figma, iterating based on user feedback to enhance usability.
- Developed frontends using Next.js and Tailwind CSS, ensuring performance optimization and maintainable codebases.
- Collaborated on API integrations and third-party service implementations to ensure dynamic content retrieval.
- Participated in agile ceremonies such as sprint planning, standups, and retrospectives.

Tech Stack: Figma, FigJam, Next.js, Tailwind CSS, JavaScript, REST APIs

Associate Frontend Developer

Experion Technologies – India   **May 2023 – August 2024**

Key Projects:

Supply Chain Management System

- Developed a scalable platform for eCommerce sellers, improving operational efficiency by streamlining order processing and inventory tracking.
- Built a responsive web interface using Vue.js and JavaScript, ensuring cross-device compatibility.
- Integrated REST APIs for seamless data exchange between system components, improving backend communication.

Tech Stack: Vue.js, REST APIs, HTML5, CSS3, JavaScript

Home Health Care Platform

- Designed and developed a platform for managing patient care and staff scheduling, improving overall workflow efficiency.
- Built the frontend using React and JavaScript, ensuring maintainable and scalable code.
- Collaborated with cross-functional teams to implement API integrations and optimize performance.

Tech Stack: React, HTML5, CSS3, JavaScript

Data Management Website for a University

- Built a data management web application for university administrators to efficiently manage and access student records.
- Developed responsive pages using React and Tailwind CSS, ensuring consistency across devices.
- Integrated dynamic data handling through REST API integrations.

Tech Stack: React, Tailwind CSS, REST APIs, JavaScript

Frontend Framework Development

- Built a data management web application for university administrators to efficiently manage and access student records.
- Developed responsive pages using React and Tailwind CSS, ensuring consistency across devices.
- Integrated dynamic data handling through REST API integrations.

Tech Stack: TypeScript, HTML5, CSS3

Education

MSc in Creative Digital Media & UX	**2024-Present**

Technological University Dublin, Ireland

Bachelor of Technology in Computer Science	**2018-2022**

APJ Abdul Kalam Technological University, Kerala, India
